V6 series features a brand new concept to present an ultra-narrow bezel screen and sleek exterior design with colorful bezel and casing to represent your elegant style. The V6 is an energy-efficient solution of compact construction with fanless mechanism fitted in a high-performing system enabling for a quiet, highly reliable and stylish operation.

The standard version includes an internal M.2 SSD, with optional storage expansion of a 2nd SSD. This is simple add-on port that can support RAID 1 Disk Mirroring functionality, thereby ensuring the safety of each transaction data.

The V6 offers support panel in a new edge to edge design, featuring a mix & match range of modular colored bezel frames; creating a visually pleasing appeal.

V6 is the ideal companion for all requirements of hospitality and retail business industries specialists.
